# Experience

**Full stack developer, Yamato Engineering, Addis Ababa, Ethiopia, April 2024 – present**

My responsibilities include,

- Design and implement a landing page for the company.
- Suggest content that would best portray the company's services.

**Front-end developer, tiyake.et, Addis Ababa, Ethiopia, June 2023 – January 2024**

During my time in this company I,

- Developed part of the front-end of an educational website.
- Worked in collaboration with other developers.
- Delivered tasks within time and budget.

**IT consultant, Daniel Abebe Nigatu Value Added Services, Addis Ababa, Ethiopia, November 2021 – June 2023**

During my time in this company I,

- Provided IT support to the company.
- Installed and configured software.
- Handled the cyber security needs of the company.
- Provided training to other employees on how to use their IT systems.

**Front-end Developer, BYT Technologies, Addis Ababa, Ethiopia, May 2021 – August 2021**

During my time in this company I,

- Developed and maintained the front-end of an e-commerce site that distributes pharmaceuticals.
- Worked in collaboration with other developers.
- Successfully delivered project within time and budget.
